EZ-034 is now shipping. To all of you that are still thinking about it, we just wanted to let you know that 51 orders have already been placed in the pre-order period of one week. With only 49 copies to go, you had better hurry. All United States citizens should remember that this is a great way to use your "economic stimulus package" in ways that would make George W. Bush cringe!

...and, the film premier of **DECAMPMENT** was a major success last Friday, and we couldn't have done it without you Detroit* -THANK YOU!

*By Detroit, we mean the people, not the politicians.

May 6, 2008 **DON'T FORGET**

ADULT. will be premiering/performing this Friday night at the **Detroit Institute of Arts**. Come see their new 40 minute experimental-horror film entitled **DECAMPMENT** while they perform live the all new soundtrack. There are 2 showings, one is at 7:00 and the other is at 8:30. This event is in conjunction with the first new **ADULT.** release in over a year, and the first new **Ersatz Audio** release in almost 4 years.

And now for some information about the new release.

The first installment of **THE DECAMPMENT TRILOGY** is now available for pre-orders. The official release/ship date will be on Tuesday, May 13th. Orders can now be placed through **ersatzaudio.com**.

What is **THE DECAMPMENT TRILOGY**?

THE DECAMPMENT TRILOGY is a very unique release from **ADULT.** that is rather hard to explain, so please read carefully.

First off, it is a strictly limited 7" series -NOT a CD release- and thus the songs will NOT be released on CD or be available for digital download purchases. Each of the 3 different 7"s will be limited to 100 copies and each one will be hand numbered. One will be released each month starting May 13 (the other release/ship dates being June 13th and finally July 13).

Secondly, each 7" will come with an authentic 16"x20" color photograph signed and numbered by **Nicola Kuperus** that is limited to 100 as well. Purchasing the entire **TRILOGY** will create a large work of art intended to be displayed as a Triptych, or each print can be displayed on its own. There are no rules.

And finally, the concept of **THE DECAMPMENT TRILOGY**.

Through 9 photographs (the 6 photos that make up the front and back of the 3 full color 7" jackets and the 3 large 16"x20" photographs) and the 6 (new) songs, **ADULT.** tell the "story" of **DECAMPMENT** through still images, music and lyrics. And what is the **DECAMPMENT** "story"? It is the new 40 minute experiment-horror film from **ADULT.** that can only be experienced live (see above*) or through this 7" series.

The 7" series can only be purchased through **ersatzaudio.com**. This offer will not be available through any store. Each part of the 7" trilogy will be available for \$100.00 USD + shipping. Some will think this expensive, but please remember, it is limited to 100 copies each, and each 7" comes with an actual 16"x20" photograph by **Nicola Kuperus** ready for framing. The entire trilogy can be reserved at this time for \$300.00 USD + shipping, but payment must be made up front, with each subsequent release being shipped on it's release date. As quantities are EXTREMELY limited, this release will be handled First Come-First Serve.

In a throw-away world of excess and "shareware", finally something truly unique, hand-crafted and limited.

April 16, 2008 **DECAMPMENT**

The new project from Detroit's undying isolationists **ADULT.**

Part I

ADULT. will be premiering their new silent-experimental-short-horror film **DECAMPMENT** May 9, 2008 at 7:00pm and 8:30pm at the **Detroit Institute of Arts** accompanied by their own peculiar electronic horror music especially scored for the film. **DECAMPMENT** was written, produced and directed by **ADULT.** in early 2008 and follows a women's transmigration from her "normal" life into a new society of deceit. Filmed entirely in Michigan, **DECAMPMENT** explores **ADULT.**'s obsession with an often overlooked and distinctive aesthetic that they call "midwestern horror". The all new soundtrack will be performed live by **ADULT.** during the screening of the film and will be a mutation of instrumental film music and more *ADULT.-like* irregularities.

PART II

ADULT. will be releasing their first new release in over a year. The **DECAMPMENT TRILOGY** is an extremely limited 7" series to be released on **ERSATZ AUDIO**. Three 7"s -each strictly limited to 100 copies- will tell the story of **DECAMPMENT** through music, lyrics and photographs. Each hand numbered 7" will come in a full color jacket along with a limited 16" x 20" photographic print from Nicola Kuperus signed and numbered. Collect the entire 7" trilogy to piece together the narrative of **DECAMPMENT**, plus own the limited edition 7"s and the Kuperus Triptych available **ONLY** through this website. One 7" will be released each month starting May 13th. More info coming soon concerning this project.

We have the new ADULT. "D.U.M.E." ep available in our **MailOrder** section now. We will also be announcing European tour dates in about a week for the second half of June. And don't forget our North American shows coming up in a few weeks. Info below.

March 1, 2005

Hello.

Sorry for the long delay in updates. Things should be updated more frequently now as we have a lot going on this year.

First up, is our new 6 song CD/12" ep entitled "D.U.M.E." coming out April 12th on the amazing independent Chicago label **THRILL JOCKEY**. Some sample MP3s are in the **RELEASE** section now.

Secondly, we will finally be playing some new shows. Here is our Spring schedule. Please note: all shows are with **GOLD CHAINS AND SUE CIE** (San Francisco) and **GENDERS** (Detroit).

THU 4/28 NEW YORK, NY **Mercury Lounge**

FRI 4/29 NEW YORK, NY **Mercury Lounge**
SAT 4/30 BOSTON, MA **Middle East**

THU 5/5 TORONTO, ON **Horseshoe Tavern**
FRI 5/6 DETROIT, MI **Magic Stick**
SAT 5/7 CHICAGO, IL **Empty Bottle**

FRI 5/13 LOS ANGELES, CA **Echo**
SAT 5/14 SAN FRANCISCO, CA **Bottom of the Hill**

And thirdly, here is where we stand currently and why the tour above isn't a full tour. We finished up recording for the new "D.U.M.E." ep around the first of Dec. '04. Currently (Jan. 1 - April 15) we are writing all the songs for our next full length album (it will come out October 11 on THRILL JOCKEY as well). Then are small mini-tour above. And then we have to go into the studio May 16-31 and record the album. So as you can see these are all the dates we could do at this time... but fear not if you are in a city not listed above. We will be doing more shows starting in the summer and an extensive tour in the Fall for the album.

June 11, 2004

So what's up with **ADULT.** you ask?

Well, as you might already know, we also run our own label Ersatz Audio. We had 6 new releases on the label this Spring and that took up most of our time from January until yesterday. But now everything is basically done with that for a while, and that means we get to take off our label hats and go back to **ADULT.** We will start working on our next album soon. It won't be ready for a LONG time, but at least we are now able to start on it. So we'll keep you posted on that.

Info on the **ADULT. / THE DIRTBOMBS 7"** can be found at www.ersatzaudio.com in the discography section.

Added a few photos to the site in the LIVE, FROM YOU and MISC sections, plus a few minor updates.

And just in case you missed it, Nicola Kuperus has created a beautiful box set of Greeting Cards featuring her photography. Info on them can be found at www.ersatzaudio.com in the mailorder section.

March 16, 2004

Just wanted to apologize to anyone that came to see us at the ULTRA Festival in Miami. Damn that thing was lame. Sorry, we had no idea it was going to be like it was.

Nicola Kuperus will be in an exhibition at the Bucket Rider Gallery in Chicago. Opening reception is March 26th from 6-9pm.
